### PERSONAL AND OTHERWISE

W. A. Bishop has not reported finding more gold nuggets.

Pat Swayne of Applegate was a business visitor in town Monday.

Mrs. J. B. Coleman and granddaughter have returned from a two-weeks visit at Algoma.

Mr. and Mrs. Frank B. Dowell, of Portland, were calling on friends in this city Monday. Mr. Dowell was formerly a resident of Jacksonville but later moved to Portland, where he served as a fire chief, being now retired. Mr. and Mrs. Dowell are newly-weds and are taking a honeymoon trip to California.

Captain O. C. Applegate of Klamath Falls, who has been visiting his sister, Mrs. Alice Sargent, and other Jacksonville relatives, will go to Central Point tomorrow to attend a meeting of the Pearl Mining Co. of Jackson County, owners of the Buzzard mine on Elk Creek. The Captain says the outlook for development of this mine is very good.

### SYND BRINGS STRONG MEN

The summer session derives inspiration from the presence of such a strong body of men and women as are now attending the thirty-fourth annual session of the synod of Oregon. While the intermingling of the two groups has not been as extensive as both might have hoped, owing to the high pressure under which both are working, mutual good has been derived from what commingling has been possible. The campus is grateful to the synod for bringing here men of the strength of Dr. Speer and others less renowned who, too, are real leaders of men. The only regret expressed is that the synod had so many good things going on at once in the afternoons that some of them necessarily had to be missed.—U. of O. Summer Session Sun.

### CATARRHAL DEAFNESS

is often caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing. Unless the inflammation can be reduced, your hearing may be destroyed forever.  
HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh. HALL'S CATARRH MEDICINE has been successful in the treatment of Catarrh for over Forty Years.  
Sold by all druggists.  
F. J. Cheney & Co., Toledo, O.

### PERSONAL AND OTHERWISE

The Basket Grocery is now using a brand new Chevrolet delivery truck.

Prof. and Mrs. C. E. Cook were called to Canyonville Sunday by the illness of Mr. Cook's mother.

Mr. and Mrs. R. A. Bixby entertained at dinner Friday Mrs. J. A. Cochrand, Mrs. Laura West and Mrs. D. T. Lawton, of Medford, and Sears of Sand Point, Idaho. The ladies from Medford and the Bixbys were old-time friends in Nebraska and it was recently learned that the Bixbys and Mrs. Sears have mutual friends in Iowa.

A group of valley monied men were escorted by A. E. Kilduff, of Grants Pass, to the Holland mine several days past and the visitors were very much surprised at what they saw. They had no idea there was so much development in the mineral industry ever carried on in this part of the west. Too bad so few of our financiers are aware of what is going on in mining.—Gold Hill News.

## THE CALIFORNIA OREGON POWER COMPANY

7% Preferred Capital Stock  
Price \$98 per Share  
YIELDING 7.14%

The proceeds of the sale of this stock will be used exclusively for new, income-producing additions to and betterments of property and equipment.

### THE COMPANY

The history of The California Oregon Power Company shows a substantial growth in facilities and earnings resulting from the large sums of money invested in its properties and from the development of the territory which it serves.

#### Steady Growth in Customers Served

The territory now served by The California Oregon Power Company includes parts of Jackson, Josephine, Klamath and Douglas Counties in Oregon, and Siskiyou County and parts of Shasta and Trinity Counties in California. This is an area equal to the combined areas of the States of Massachusetts, Rhode Island and Connecticut.

During the ten years from 1913 to 1923, the number of consumers has grown to the present total of 18,225, an increase of 177%. Due to the increasing use of electric power for industrial, agricultural and domestic purposes, the Company's output has grown from approximately twenty-six million kilowatt-hours in 1913 to one hundred and fifty-two million kilowatt-hours in 1923—an increase of 475%.

In addition to its local consumers, the company enjoys a large and advantageous wholesale contract demand from other power companies, thus greatly expanding and diversifying its field.

#### Increase in Facilities

The company owns and operates eight hydro-electric plants in Southern Oregon and Northern California. In building these hydro-electric plants, natural resources are developed which will be productive forever.

The Company's main trunk high tension and distribution lines at the end of 1923 were 1850 miles in length.

The actual investment in the construction of these facilities has increased from \$4,787,624.35 in 1913, to \$11,752,616.19 in 1923, exclusive of valuable water rights and intangible assets.

#### Immediate Future Development

The Company is now engaged in building a new 4,250 horse-power plant on Link River at Klamath Falls, and an additional power plant with a generating capacity of 40,000 horse-power at Copco on the Klamath River, together with an important extension of its high-tension lines. A large part of this increased production has already been contracted for. In the case of the new Copco plant, and it is estimated by the Company that the new facilities alone will increase its net earnings by more than \$400,000.00 a year.

### THE STOCK

Par value \$100 per share.

Dividends have been paid on The California Oregon Power Company Preferred Capital Stock each quarter since issuance, without interruption, at the rate of \$7 per share per annum. Dividend checks are mailed every three months.

Proceeds of all securities sold are devoted exclusively to additions to and betterments of the Company's properties.

The stock is not assessable by the Company for any purpose whatsoever. It is non-callable, and if purchased at the present price, yields a return of 7.14% on the investment.

It is exempt from Federal Normal Individual Income Tax.

It takes precedence as to assets and dividends over common stock amounting to \$4,441,100 par value. This means that all dividends on the Preferred Stock must be paid in full before any dividends may be declared on the common stock; and that the Preferred Stock has a claim on the assets of the Company prior to the common stock. The equity in assets back of the Preferred Stock amounts to more than \$9,000,000.00 as of May 31, 1924—over two and one-half times the par value of the Preferred Capital Stock now outstanding.

Upon the completion of the new Copco power house, the new Link River power house, and other projects now commencing construction, approximately Five Million Dollars in new and productive property will be added to the company's physical assets.

The stock may be purchased in any amount from one share upward.

It may be purchased either for cash or on our special savings plan, namely, \$5 per share as first payment, and \$5 per share per month. Interest is not charged by the company on unpaid balances.

Interest is paid by the company, however, on all partial payments under the savings plan at the rate of 6% per annum. Interest checks are mailed to subscribers under the savings plan every three months.

Subscribers who find it necessary to cancel their installment subscriptions will be allowed a refund of all payments made, plus interest earned, either in cash or in paid-up stock. (A deduction of \$1.00 per share will be made to cover the expense of cancellation.)

The stock is listed on the San Francisco Stock and Bond Exchange.

### THE RECORD OF TEN YEARS' GROWTH

Year	Value of Physical Properties (not including water rights, etc.)	Gross Revenue	Operating and Maintenance Expense	Net Earnings without Deducting Interest or Depreciation	Kilowatt Hours Generated
1913	\$4,787,624.35	\$347,261.70	\$143,746.67	\$203,515.03	26,485,359
1923	\$11,752,616.19	\$1,370,544.78	\$594,603.97	\$775,940.81	152,124,781
