

"WIGANDIA."

WEATHERFORD'S PREPARATION OF MOUNTAIN BALM
The best preparation of the same we believe.
The most popular and most esteemed, and the most
agreeable of all that great remedial agent yet prepared,
is composed in the most careful and scientific
manner, thus extracting all the virtues of the leaves and
barks. An excellent, exhilarating expectorant and alternative
tonic. Those who used a reliable preparation of this
Balm, will appreciate its value, and its efficacy. We trust
to try Weatherford's Preparation and satisfy themselves
that it has all the virtues that we claim for it. It gives
tonic to the mind and body, acts as a stimulant, aperient,
and astringent, and in cases of nervous prostration, it
is an invaluable remedy. It purifies the blood, strengthens
the whole system, improves digestion, regulates the
secretions, gradually bringing down and bulk, seizes. The first
Pills give relief—try it. Manufactured by Weatherford &
Co., Druggists, Salem, Oregon. Price 30 cents.
