

Enterprising men with some capital can establish themselves in business, and make money more rapidly in the Pacific Northwest, than in any other portion of the globe. There are hundreds of unoccupied fields of labor here for enterprise and capital to take hold of.

T. H. Chandler, Esq., dealer in wooden and willow ware, whose card will be found on page 329, has removed to the commodious store 28 Front street, and has now better facilities than ever to serve his patrons.

Chas. Hirstel & Co.'s stock of Holiday Goods for both old and young is most complete, in every particular. They have something to suit the taste and pocket of almost any one.

Dr. B. J. Kendall, Enosburgh Falls, Vt., is the inventor of the "Kendall's Spavin Cure" now used with the greatest success throughout the United States for both man and beast. Underhill & Kittredge, Concord, N. H., have cured and removed a bad spavin with Kendall's Spavin Cure, and this is only the experience of thousands we might mention if we had space here, and it is also being used now with wonderful success on human flesh as well as for beast. Read the advertisement for Kendall's Spavin Cure.

The San Francisco Gallery, formerly Buchtel's is now owned by W. H. Towne. He is one of the very best artists on the Coast, and has been connected with the largest galleries in San Francisco. When you want anything in the photographic line be sure to give Mr. Towne a call, S. W. corner First and Morrison streets.

'Kendall's Spavin Cure'—try it and be convinced. For man or beast. Read Adv't.

Good Land for sale cheap by the Land Department of the Oregon and California Railroad.

The Oregon and California Railroad Company have a large grant of land from the United States Government, which they sell on very liberal conditions at the low prices of \$1.25 to \$7 per acre. The purchaser can pay cash, in which case he will be allowed a discount of ten per cent. on the purchase price; or he can have ten years' time in which to make up the same by small annual payments, with interest at seven per cent. per annum. In this case the purchaser pays down one-tenth of the price. One year from the sale, he pays seven per cent interest on the remaining nine-tenths of the principal. At the end of the second year he pays one-tenth of the principal and one year's interest on the remainder; and the same at the end of each successive year until all is paid at the end of the ten years.

Upon their arrival at Portland, immigrants will do well to call at the Land Office of the said company, Railroad Building, Room 19, near Steamship Landing, where they will receive all needed information in reference to settlement and selection of lands; and, upon application, half-fare tickets on either road to their destination.

Township plats of the larger portion of Western Oregon, as well as a record of farms for sale, are kept at the said Land Office for the benefit of immigrants. There is also here kept a large collection of agricultural products of Oregon.

For more particular information, or samples of Oregon grain, address P. SCHULZ, Land Agent, Portland, Oregon.
