

"A Royal Food Preservative."—Tribune.

## "REX MAGNUS,"

(THE MIGHTY KING.)

*What it is, and what it does.*

IT IS THE

### HUMISTON FOOD PRESERVATIVE,

and, as its name signifies, is a Mighty King, an invincible conqueror. It is *safe, tasteless, pure and harmless*. Its special field of usefulness is in the preservation of food, such as fish, meats, oysters, cream, etc., either in large or small quantities—and it does it.

Words are Cheap,

and so is Rex Magnus. In all its several Brands Every word used by the proprietors of this preparation, in stating its nature, characteristics and effects upon food, is *strictly true*. Corroborative testimony can and will be cheerfully tendered. The best proof, however, is to buy a box, test its effects yourself, and you too will agree with us. You do not have to buy a "right" or costly "receipt" but get your money's worth.

We herewith append a scientific statement in attestation of the merits of this "Greatest discovery of the Century."

A 35 days' test, in a temperature averaging 70 degrees.

Prof Samuel W. Johnson, the well known chemist, and for more than 25 years identified with the Scientific Department of Yale College, furnishes the following report concerning Rex Magnus:

"My test of 35 days on meats, etc., bought in open market, have certainly been severe in daily mean temperature of 70° and I am satisfied that the different brands of Rex Magnus, The Humiston Food Preservative, with which I have experimented, have accomplished all claimed for them. So far as I have yet learned, they are the only preparations that are effective, and at the same time practicable, for domestic use. At the banquet on 'treated' meats at the New Haven House, I could not distinguish between those which had been sixteen days in my laboratory and those newly taken from the refrigerator of the hotel. The oysters were perfectly palatable and fresh to my taste and better, as it happened, than those served at the same time, which were recently taken from the shell. The roast beef, chicken, turkey and quail, were all as good as I have ever eaten.

Rex Magnus is *safe, tasteless, pure*, and Prof. Johnson adds in his report, "I should anticipate no ill results from its use, and consider it no more harmful than common salt."

The room in which these trials were carried on (January 31 to March 7) has been warmed by a coal stove. Observations generally taken twice or thrice daily, with a self-registering thermometer have shown an average daily minimum temperature of 55° and maximum of 84°, the daily mean temperature having been 70 degrees."

Thousands of Trials.

Such a test, and it is but one of many which have been made, ought to satisfy the most exacting skeptic. Ample corroborative testimony can be furnished.

Rex Magnus is a perfect and reliable substitute for ice, heat, sugar, salt or alcohol, in preserving food, which retains its natural flavor and sweetness, in all seasons and climates, after having been treated with this "Rex."

It is *safe, tasteless, pure, harmless*.

The different brands of Rex Magnus are "Vandine" for preserving meats, poultry and game, 50 cents per pound; "Ocean Wave" for preserving oysters, lobsters, etc., 50 cents per pound; "Pearl" for preserving cream, \$1.00 per pound; "Snow Flake" for preserving milk, cheese, butter, etc., 50 cents per pound; "Queen" for preserving eggs green corn on the ear, etc., \$1.00 per pound; "Aqua Vitae" for keeping fluid extracts, etc., \$1.00 per pound; "Anti-Ferment" "Anti-Fly" and "Anti-Mold," are special preparations, whose names explain their uses, each 50 cents per pound.

How to get it.

If your grocer, druggist or general store-keeper does not have it in stock, we will for the sake of introducing it in all sections, send you a sample pound package, of any brand desired, upon receipt of price. Sample packages sent prepaid by mail or express as we prefer.

Name your express office. Mention THE WEST SHORE. Rex Magnus a cheap, simple in its use, a child can use it unailing in its effects and healthful. Try it and you will say so too.

Physicians who will agree to test it can get a sample package free. Please state school of medicine.
