ELLENSBURGH, WASHINGTON,

The Central City of the new state has more varied Resources than any city of 5,000 population in the Pacific Northwest.

First, agricultural. Second, stock. Minerals well developed, gold, silver, copper, lime, marble, but the greatest is iron and coal in untold quantities. Over 2,000 tons of coal mined daily in this county, which comes to and through Ellensburg, the distributing point for all the mines in Central Washington. Nearly \$1,000,000 have been expended in brick buildings since our big fire last July. Real estate, and especially business property, has no value compared with other cities of half the importance. In less than five years the population will outnumber 20,000. 800 per ct. increase in population means at least 800 per ct. on investments. Men of nerve and brains, I invite you to come and personally examine. I refer by permission to Ben E. Scipes & Co., Bankers, and the Ellensburg National Bank. Respectfully yours,
GEO. W. ELLIOTT, Investment Broker,
