So important have the fruit interests of Oregon and Washington become that the question of the best kind of trees to plant has assumed special interest. Experience has shown that certain varieties yield the best results; also that native grown stock is the best, as it has been grown here under the same climatic conditions it will experience. The man who has given this subject the most attention is J. H. Settlement, proprietor of the large nursery at Woodburn, Oregon. Having watched closely the development of the fruit industry, he has prepared an enormous stock of those varieties that are in the greatest demand and can fill orders for native grown trees in any quantity. He also has a large stock of trees and shrubs of an infinite variety. The fruit grower will find the Woodburn nursery his best source of supply.

The enterprising firm of Borthwick, Batty & Co., No. 2 Washington street, is one of the leading real estate firms in Portland, where they are transacting an enormous business in city and country property of all kinds. They are special agents for the original owners of the beautiful town of Woodlawn, on the Portland & Vancouver motor line, and handle the choicest suburban property only.
