City of Ellensburg,
WASHINGTON.

Ellensburg, county seat of Kittitas Co., is a town that takes its growth since four years ago. Population 5,000, half of whom came the past year. Its resources are first, agricultural; second, stock, the tributary ranges now feeding 150,000 head. Minerals well developed are gold, silver, copper, lime, marble, but the greatest is iron, all kinds, ore assaying 40 to 60 per cent. Kittitas county is the geographical center of Washington. The valley is the center of the county, the town the center of the valley. Abundant resources to support a very large town. The universal belief is that the population will equal 15,000 in a few years. Property has doubled in value annually, and investments made now will bring four-fold returns. D7 89 52

"No," said she, "I can be only a sister to you."
"Very well," said he. "I must be going. I had expected a different answer, but—well, good night."
"George," she faltered, as he started out into the night.
"George!"
"What is it?" he asked, crossly.
"Aren't you going to kiss your sister good night?" He did not go.

FAIRHAVEN!

The Actual Pacific Coast Terminus of the GREAT NORTHERN Railway.

By Purchase, in June, 1890, of the Fairhaven & Southern Railroad, and Vast Terminals and Shipping Facilities, the Great Northern Railway has located its Actual Deep-Water Terminus at Fairhaven.

FAIRHAVEN'S WONDERFUL GROWTH.

In less than one year an almost impenetrable forest has been turned into a hive of industry. The solid foundation has been laid for a mighty city. Miles of streets have been graded, planked and lined with imposing structures, some of which have cost over \$100,000 each. The best electric light system of the Northwest, both arc and incandescent, is in operation. A \$100,000 water system, comprising some nine miles of mains, delivers the pure waters of a beautiful mountain lake, capable of supplying a city of 100,000 people. Four banks, two national, are established. Four saw and two shingle mills in operation fail to supply the demand. A \$100,000 hotel

being built of brick and stone is nearing completion. Several brick buildings occupied and more being erected. Population (U. S. census) 4,031. Assessed valuation over \$8,000,000. An Iron & Steel Company, with a capital of \$2,000,000, organized to work ores of Skagit mines. Its furnaces, rolling mills, etc., will be at Fairhaven. The Chickanent stone quarries are one mile from Fairhaven. The Portland post office is built of this beautiful stone, and large quantities of it are being shipped to Tacoma, Seattle and elsewhere. Valuable minerals have been discovered in the Cascades on the line of the Fairhaven & Southern and prospecting is being actively prosecuted.

A Matchless Harbor with Room for the Shipping of the World.

Thirty-five ocean and coastwise steamers already touch regularly at Fairhaven's wharves. Over \$200,000 are being expended in extending these wharves and other shipping and terminal facilities. The three branches of the Fairhaven & Southern R. R. (now the Great Northern) are being pushed to speedy connections north, south and east. The direct outlets, northward via the Canadian Pacific, and southward via the Northern Pacific, Union Pacific and Southern Pacific, will be completed during 1890.

FAIRHAVEN is Actually Developing, on a Mammoth Scale, its Coal, Timber, Iron and Shipping Interests, and offers Unequaled Inducements to the Laborer, Capitalist or Manufacturer.
