City of Ellensburg,
 WASHINGTON.
 Ellensburg, county seat of Kittitas Co., is a town that takes its growth since four years ago. Population 3,000, half of whom came the past year. Its resources are, first, agricultural; second, stock, the tributary ranges now feeding 120,000 head. Minerals well developed are gold, silver, copper, lime, marble, but the greatest is iron, all kinds, ore assaying 40 to 60 per cent. Kittitas county is the geographical center of Washington. The valley is the center of the county, the town the center of the valley. Abundant resources to support a very large town. The universal belief is that the population will equal 15,000 in a few years. Property has doubled in value annually, and investments made now will bring four-fold returns.
