

RADICAL STYLE

Fall fashions at **Forward Gear**, 1023 SW Yamhill (across from the Library), 224-8311. High fashion exquisitely designed clothing for men. →

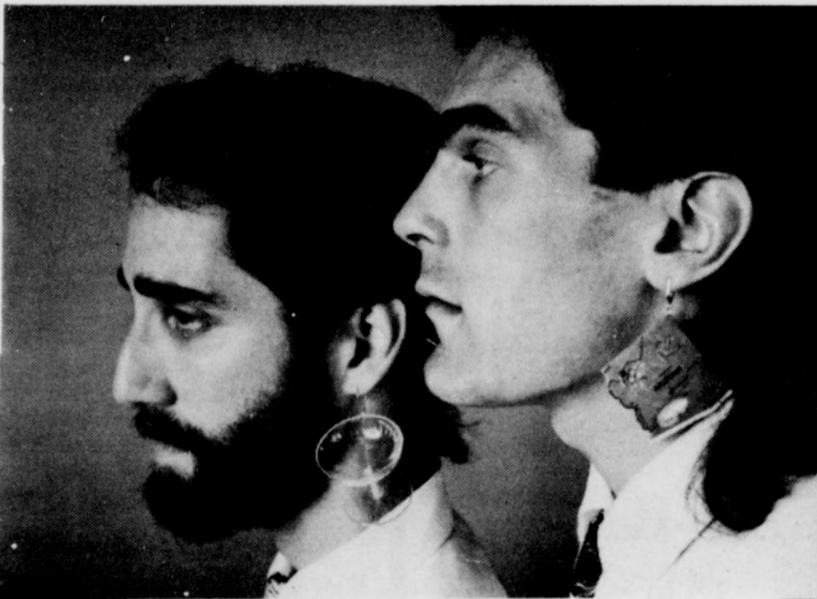

Fashion comes and goes but style stays. Style stays because it has a basic rhythm, though often varied, which spreads itself through fashion as well as theatre, film, painting, gardening, sleeping, eating and walking down the street.

On its way, style picks up accoutrements; the hat, the shirt, the pants, the skirt, the belt, the hair style and when the **time** is right, fashion happens. You have to catch it quickly because fashion unhappens with the same velocity.
