Stop These Criminals

These are the people who have been seen spraying "TRUST JESUS" and similar messages onto walls, bridges and other places all over the Northwest. They also sprayed the statue "Kvinneat" downtown recently. Handwriting analysis has verified that there are only two people who have done 98% of the damage and these are their faces and their names. The female has been arrested, but that is no guarantee that they will stop. Only when all of Portland knows who they are and vilifies them in public will we be sure the assault will be over.

WE NEED YOU! Keep an eye out for these vandals. If they can be seen at it again, the fine will be stiffer the next time, and eventually they'll get jail or leave Oregon. Good riddance. If you do witness either of them in action, call Lt. George Dyer at 653-5673. (Witness number only)

Warning: Do not attempt a citizen's arrest on the male pictured above. He is Marine trained and a former Dammasch case; he may try to kill you.

TAKE PHOTOGRAPHS IF AT ALL POSSIBLE.
