After creating some of the most exciting dance in the United States, the Wallflower Order Dance Collective formed The Dance Brigade. Led by founding member of the Wallflower Order, Krissy Keefer, and nine-year member of the company, Nina Fichter, The Dance Brigade continues in the Wallflower tradition of creating eclectic dance form that moves from a sound foundation in classical and modern dance technique to incorporate such stylistic influences as the Martial Arts, Sign Language, theatre and comedy. Primary to the work of the company is their ability to give expression to some of the most challenging social conditions and movements of the day. Because of the popular
