Since 1980, we've been teaching Oregonians **how to stop smoking the right way**. During that time, we've seen a lot of "systems" come and go because they couldn't answer the needs of smokers who want to stop . . . **once and for all**.

At BreatheFree, you won't be subjected to hypnosis, needles, aversion therapy, behavior modification, electric shocks or drugs. Instead, we'll teach you a step-by-step process **that puts you in control**. Our **full year personal follow-up** ensures that you'll remain a happy, comfortable ex-smoker.

Call for our schedule of classes at the Galleria and Eastmoreland Hospital. You'll learn how to stop smoking without weight gain or anguish. Bring your cigarettes and leave your money at home. **Remember, if you don't stop . . . you don't pay!**
