I offer peer support to people who are committed to self-respect, self-empowerment and self-expression. We work together to co-create a healing environment and atmosphere of self-acceptance, curiosity, courage and a willingness to experience life.

My healing intent is that those who work and play with me, using creative self-expression and art media, will experience insights, deeper feelings of self-worth, joy and satisfaction.

Has an intimate other expressed interest in "Draw Yourself Out!"? Is it time to call for a gift certificate?
