

**S**ince 1979, Phoenix Rising has been serving the counseling and information needs of Oregon's lesbian/gay community.

Phoenix Rising consistently maintains a visible profile so gay and non-gay people know where to ask difficult questions.

**T**his year Phoenix Rising made 6,000 special, business and professional referrals to gay men and lesbians. Plus we delivered 5,000 service hours of individual, couple or group counseling.

**W**e are family. Turn to us when you need someone to talk to, a safe place or positive gay affirmation.

Do your part. Pledge to contribute and help Phoenix Rising continue its essential services.
