

A MESSAGE TO THE PEOPLE OF OREGON FROM DR. LENORA FULANI INDEPENDENT PRESIDENTIAL CANDIDATE

DEAR FRIENDS,

My independent Presidential campaign for fair elections and my call to democratize the political process to include and reflect the aspirations of people of color, environmentalists, lesbians and gays, rank and file labor and all liberal and progressive-minded people has received broad-based support across the country. In January, I became the first African-American woman ever to qualify for federal primary matching funds and plan to be on the ballot in November in all 50 states and the District of Columbia.

I need your help. To appear on the ballot here, an independent Presidential candidate must hold a nominating convention of a thousand registered voters by August 30, 1988. Will you support my right to be on the ballot so that the voters of Oregon can have a choice in November?
