

Primary election endorsements

On May 17, voters will cast ballots on a variety of issues, and for candidates on national, state and local levels. *Just Out* concurs with the endorsements made by the Right to Privacy Political Action Committee in the following races. RP endorsements were based on candidate responses to conditions that include support for lesbian and gay rights, for an equal rights amendment, for reproductive rights and flexibility on AIDS issues.

Issues and candidates not covered by RP appear separately at the end.
