

Democracy means respect for everyone's rights and everyone's choices.

And leadership begins with the belief that certain things are worth fighting for. Equal pay. Freedom of choice. The right to privacy. An end to job discrimination. These are the very freedoms our Constitution is meant to protect.

Let's elect a State Representative who will fight for our rights. Beverly Stein is a leader through her experience, a leader through her integrity and a leader through her hard work.

Endorsed by Right to Privacy PAC.

Beverly
STEIN
DEMOCRAT for State Representative
