IMPROVE THE QUALITY OF YOUR JOURNEY!

Imperative Self-Analysis will give you a picture of the heart of your personality, how you are like no other person in the world. Knowing who you are and understanding why you act and feel the ways you do takes the mystery out of planning and implementing your change work. This is therapy that is about results, about who you are and how you can begin the journey toward the experiences you really want. Mary Van Wormer, BA, ISA candidate. 230-0812.
