Simple matter: Justice

The Rodney King verdict set cities and hearts on fire and pushed racism to the frontal lobes of everyone's consciousness.

May has shown us that now more than ever, each and every one of us counts.

Candidates in Oregon's primary used the polarity of the Oregon Citizens Alliance as a Maypole for lesbians and gay men to rally around.

The city of Springfield voted in a new OCA sponsored initiative. That city will have 30 days to implement it.

Corvallis voters beat the OCA out of their city by a 2 to 1 margin.

June brings us a day of celebration, a day to be proud, a day to be counted. This year, on June 20, the Lesbian and Gay Pride Parade and Rally is a simple matter of justice.
