**Take the Mystery Out of Financial Planning**

Managing your finances is really managing your life. Making choices. Making the most of your money. Making your financial life a success - on your terms. The clues are all there, but putting the facts together to solve the mystery can be complicated.

Come to a **FREE** seminar presented by IDS Financial Services Inc. We'll introduce the basic concepts of personal financial planning - concepts you can use to increase your net worth, evaluate investments, minimize your taxes, manage risk, and implement an estate plan. We'll even explain strategies you can use right now to help you manage your finances more effectively.
