Leave it to the IRS to create a two-page document that requires a 300-page manual to complete it. With over 11 years of experience completing individual, small business and corporate returns, I can complete your taxes quickly, accurately and in most cases for a flat fee. I've dedicated myself to helping businesses and individuals in our community achieve their goals and find practical solutions to the challenges we face. If you'd like to reduce the pain and suffering caused by doing your own taxes, call me. If not, I suggest you start reading.
