Each year, our community greatly benefits from the unique contributions of individuals who value and embrace the strength of our collective unity. It is through these shared efforts that our community thrives.

This year, Metropolitan Community Church of Portland recognizes and honors two of those individuals with the first Shepherd's Award Dinner. At this gala event, MCC will celebrate the couple to which the award has been named; Bill and Ann Shepherd. Both have been pioneers in leading the fight for Oregon gay and lesbian rights for over 20 years.

This will be the first of what is to become an annual homage to a top Northwest community activist. Established as the signature event of MCC of Portland, the Shepherd's Award Dinner benefits the Capital Campaign under way to build with the community a place for the community.

MCC Portland proudly recognizes Bill and Ann Shepherd whose contribution to our community has provided a profound impact on us all.
