Ever just want to enjoy the real estate process and the company you've hired?

Now you can.

When new companies move into your neighborhood – as RE/MAX Signature Properties has done – it's hard not to wonder where they came from, what they'll do while they're here, even how long they'll last. Because businesses come and go. The difference in the real estate industry is that you really can't afford to have those businesses come and go. After all, you're handing your home – quite possibly your largest financial investment – over to these companies. And so it might ease your mind to know that RE/MAX Signature Properties is an office based solely on your needs. Owned and managed (isn't it nice to know that not all realty companies are owned by outside people?) by two of Portland's finest real estate brokers – Jude Watson and Linda Welch – it boasts the best of all worlds. You can rest assured that you're making an

alliance with the realty company that assists more buyers and sellers than any other real estate network.* And you can rest easy knowing that you're working with Portland's very finest, full-time agents and brokers. And what can stand as more solid proof of that fact than the simple biographies of Linda Welch and Jude Watson? Together, they have more than two decades of management experience, more than 17 years of real estate negotiating skills, masters' degrees in business, counseling and education – as well as a lifetime commitment to community activism. When you have brokers like this standing behind everything the company does, how can you lose? So stop by and get to know us. And if you need any real estate advice, we'd love to help. Because when it's all said and done, we don't just want your business. We want your trust. And we'll earn it one home at a time.

Alternative: Straying from what is considered normal: different; the choice between two mutually exclusive possibilities. To say, "I am alternative," is to say, "I am leading a different lifestyle from mainstream society: honoring diversity, building community and creating a lifestyle that promotes the health and well-being of our planet."

Portland's Alternative Realtors represent an appealing alternative for those individuals who prefer not to work with a conventional salesperson. We support our local community, organic agriculture, all recycling efforts, and networking to create a healthier environment.

It is our mission to bring integrity and trust into the real estate profession while creating lifelong relationships with the people in our community.

We are Portland's Alternative Realtors.
