Would You Journey To Eugene For Fine Hand-Carved Furniture At A Low Discount Price?

We're International Furnishings, sister company to International Door & Latch, a long time importer and maker of leaded glass and wood entry doors and hardware. We've just imported some of the finest examples of hand-carved French Provincial Mahogany and Traditional Rustic Teak furniture, and have it in our warehouse. We think you will be surprised and delighted by the very high quality and the very low prices. And convinced the drive was worth it.
