**Low-end torque. Power without pause.** Step on the accelerator of the Saab 9-3 and you'll instantly know what torque feels like. Torque is pulling power. And the 9-3\*\* produces more of it than both the BMW 323is and Audi A4 1.8t. Road & Track says the Saab 9-3 "...offers an exciting mix of brisk acceleration, forgiving road manners and vice-free front-drive steering." A combination that makes this turbocharged 5-door not just powerful, but agile as well. Don't hesitate to come in for a test drive today.
