THE INTERNATIONAL SCHOOL SUMMER 2000

The International School offers a summer of fun while learning Spanish, Japanese or Chinese. Kids discover the culture of their target language through singing, reading, drama, arts & crafts, and games. The international languages of math and science are also included in the program. OMSI visits the school every week with presentations that range from chemistry to wildlife. And to exercise not only the mind, but the body as well, the children will walk to RiverPlace for swimming twice a week.

Chinese, Japanese, and Spanish programs.

3-10 years old, 1/2 day and full day programs available.
