MacRory Tip to Clip

A Place for Everything and Everything in Its Place...

Life is easier with a little organization, whether in your kitchen or
on your hard drive. You wouldn't leave all your groceries out, would
you? Then don't do it with computer files. Your Macintosh will be
happier if you organize things into folders: System Folder (for the
computer's files), Applications (programs you use) and Documents
(the work you've done), creating logical subfolders within those...
