

SEDARIS *Two Plays... One night* CAPOTE

THE SANTALAND DIARIES

By David Sedaris

Irreverent, saucy and original, Sedaris's hilarious *Santaland Diaries* recounts his adventures as one of Santa's elves during the madness that is Christmas season at Macy's in New York. The spicy side of our holiday offering...

A CHRISTMAS MEMORY

By Truman Capote

...And the sweet half is Capote's classic reminiscence of his holiday rituals with his older cousin Sook. In her simple manner, unconventional gift-giving and genuine joy, Sook embodies the true spirit of the holiday. Beautifully written, tender and deeply affecting.
