

We made it look like a backpack for a reason.

It's for holding all your stuff and following your whims. It's stacked with features that help with the packing and traveling. Wide-open side cargo doors. Wipe-down utility floors. Water-resistant front seats. Removable rear seats that fold every which way into more than 64 configurations (#42: front and rear seats that fold flat into a 7-foot bed—our version of a luxury tent). All new, all powered by a 160-hp, 2.4-liter i-VTEC™ engine. Road trip, anyone? Get going and visit us for a test-drive.
