Summer Softball - Make Friends - Have Fun!

STEVEN TESTED POSITIVE FOR SYPHILIS AND WAS CURED. NOW HE'S INFORMING ALL HIS RECENT SEX PARTNERS.

HOURS LATER...

HELLO.

HI, HOW'S IT GOING, I TESTED POSITIVE FOR SYPHILIS...

TO: big_willie@mail.com

HI, how's it going. I tested positive for syphilis. You need to get tested.

AFTER CONTACTING EVERYONE ON HIS LIST, STEVEN TREATS HIMSELF TO A COFFEE.

WHAT CAN I GET YOU?

HI, HOW'S IT GOING, I TESTED POSITIVE FOR SYPHILIS.

WHOA... TOO MUCH INFORMATION, MAN.

SORRY. IT'S BEEN A REALLY LONG DAY.

Syphilis is spread by "skin-to-skin" contact, through anal, vaginal AND oral sex. Many people don't notice the symptoms or know they have syphilis. The initial sore is painless. The good news is syphilis is easily cured.

GET TESTED FOR SYPHILIS
