

THERE ARE
MORE POSITIVE
THINGS
IN YOUR LIFE
THAN HIV.

You don't give up,
we don't give up.

For more than 20 years scientists have been discovering and developing treatments for HIV and AIDS. The fight continues. Now, more intensely than ever, and we need your help.

If you are at least 18 years of age, are HIV positive, and have never taken HIV drugs you may qualify to participate in a clinical research study. We are currently studying the safety and effectiveness of marketed HIV drugs in investigational combinations.

All study related office visits, medical exams, and study medications are provided at no cost to patients.
