In between?

Volunteers needed for research studies on gender role expression and sexual orientation. People representing all genders and sexual orientations are welcome - refer your straight friends too!

Part 1:

Approximately a one and a half hour time commitment includes a 30 minute interview and time to fill out questionnaires. Volunteers must agree to be videotaped. All information gathered from Part 1 will be held confidential.

Part 2:

You agree to be a helper in an additional study by allowing your image from the video to be shown to others so that we can gather information on how people stereotype gender and sexual orientation. Volunteers will have the opportunity to review and decline use of the tape at no penalty, and may withdraw participation at any time.

Please call 503-768-6075 for a recorded message detailing participation requirements. Leave a confidential message if you wish to be a paid volunteer or you would like further information. Weekday and Saturday appointments will be scheduled throughout April and May.

All races and ethnicities are needed to help us represent the diversity in our community!
