

**In the last five years,
Portland area gay/bi men have
been hit hard by HIV & STDs.**

Help Protect Yourself from HIV & STDs by:

- Having better sex with fewer people
- Using a condom when you fuck or get fucked*
- Not fucking when you are high or drunk
- **Getting tested for HIV & STDs every 3 months**

*To reduce your odds of getting Syphilis, Gonorrhea, HPV, & other STDs you could also use a condom for oral sex. HIV is almost never spread orally. To prevent HPV, ask doctor for vaccine.
