# VIDEORAMA

**VIDEO-RAMA.NET**

Written and directed by John Cameron Mitchell (who previously starred in and directed the film adaptation of his international stage hit, *Hedwig and the Angry Inch*), *Shortbus* explores the lives of several characters living in present-day New York as they navigate the comic and tragic intersections between love and sex. Male and female, straight and gay, the characters find one and other - and eventually find themselves - when they all converge at a weekly underground salon called "Shortbus," a mad nexus of art, music, politics, and polysexual carnality.

*Twin Peaks* was created by David Lynch and Mark Frost. The show was set in the fictional town of Twin Peaks in northeast Washington state and tells the story of FBI Special Agent Dale Cooper and his investigation of the murder of a popular local teenage schoolgirl, Laura Palmer.
