My cry to America, to let freedom ring from every mountainside, not just the ones with crosses on them!

"Ever since I began this book, people have been calling it offensive. I would have been discouraged if they would have read more than the title." - Tejun Fowler

- The AntiChrist is NOT a Satanist or a power-hungry murderer.
- He IS a freedom loving American, who has grown weary of religious laws disguised as constitutional amendments.
- He IS a patriot, a U.S. citizen, and he represents a free voice for the people.

Meet Pearl – Feline Friend and Survivor.

"Our Siamese cat, Pearl, is a cancer survivor. She has been coming to Northwest Veterinary Specialists for over 2 years, and although now in remission, she continues to see her oncologist at NWVS every month. Pearl was 13 when we got the cancer diagnosis. Having never been sick a day in her life, we were stunned when we got the news. We had just lost our dog to the same disease a year prior, so we were bracing ourselves for the worst and fearful that her time with us would be short. Her weekly chemo treatments went well and we were thrilled each time we could extend the weeks between visits. We celebrated with balloons and flowers every month, and it was a huge milestone when we reached one year and then two. We owe her longevity to the quality care she has received from NWVS."
