Oregon becomes an even better place to live, work, and raise a family.

Oregon's new Domestic Partnership and Anti-Discrimination laws are the result of decades of work toward equality, and we could not have achieved so much without community support.

Please join Basic Rights Oregon on January 2nd to celebrate our new laws!

Whether you are a newly-registered couple taking advantage of the domestic partnership law, a family celebrating a fairer Oregon, or simply one of the hundreds of thousands of Oregonians who stand united for equality – let's celebrate!
