## CAP MANIFESTO

CAP is about **CHANGE**. Changing people's thoughts and actions in the face of an ever-changing world. CAP is a collection of luminaries who have come together to create a stronger light. Not quietly going about their business, but inspiring people to act. CAP is a badge for those who believe there's a better way and who are willing to charge ahead and fight to see it happen. CAP is about **HOPE**. Hope that the efforts of a likeminded group can stem the tide of inertia and ignorance and reveal the power of passion. CAP is about being charged with a **MISSION** to move > ever **FORWARD** > and radiate an electricity into the community that simply cannot be ignored.
