Wentworth SubaruCity

6 ACRES OF SELECTION

We stock Subaru PZEV Vehicles (Partial Zero Emission Vehicles)
90% cleaner emissions than average new vehicle

YOU'LL SAY... "I WENT AND IT WAS WORTH IT!"

DID YOU KNOW...

The Subaru plant was the first assembly plant to achieve **ZERO LANDFILL STATUS** - nothing from its manufacturing efforts goes into a landfill. It's all reused and recycled.

We Safeguard our Natural Environment!

At Subaru, protecting the environment is just as important as protecting our passengers. That's why we build fuel-efficient vehicles in ecologically-minded plants. Together, with our earth-friendly partners, we are dedicated to preserving our planet. It's an integral part of our philosophy. It's what makes a Subaru, a Subaru
