DID YOU KNOW...

The Subaru plant was the first assembly plant to achieve **ZERO LANDFILL STATUS** - nothing from its manufacturing efforts goes into a landfill. It's all reused and recycled.

We Safeguard our Natural Environment!

At Subaru, protecting the environment
is just as important as protecting our passengers.

That's why we build fuel-efficient vehicles in
ecologically-minded plants. Together, with our
earth-friendly partners, we are dedicated to preserving
our planet. It's an integral part of our philosophy.
It's what makes a Subaru, a Subaru
