Maggots and Men queers Russian history with cast of more than 100 transgender actors

Try this synopsis on for size: an idyllic portrait of formerly pro-Soviet sailors at the Kronstadt naval garrison who in 1921 rebelled against the failures of the new Bolshevik state. Oh, and said based-on-historical-events revisioning features a film first—a cast of more than 100 transgender actors.

Not exactly a pitch for the latest mindless Kate Hudson rom-com, eh?

Maggots and Men, an experimental narrative set in a mythologized, post-revolutionary Russia, considers the Kronstadt Uprising with a twist of gender anarchy. Film buffs will recall the storied Kronstadt sailors from the classic *Battleship Potemkin*, but for *M&M*, director Cary Cronenwett, working within the typically male environment of a naval base, casts his (FTM) actors "from a range of masculine gender expressions," in what challenges traditional roles and other binary constructs.

It's heady, rather curious stuff, but handled deftly, thanks to the presence of agit-prop theater group Blue Blouse and a narration that guides viewers via fictionalized letters written by Stepan Petrichenko, the leader of the Provisional Revolutionary Committee. Through an imagined love story between Petrichenko and another sailor, *Maggots and Men* puts a personal spin on a national crisis, and documents the rapidly evolving transgender community in the process.

And if all of that gender-bending revisionist history has your head spinning, filmmaker Cronenwett and actor Sergey Yashenko will be in attendance at the June 9 Hollywood Theatre screening to answer those "What were you thinking, anyway?" queries.

Thurs., June 9, 7 p.m.; Hollywood Theatre, 4122 NE Sandy Blvd.; \$7; hollywoodtheatre.org or thefilmcollaborative.org/films/maggotsandmen.html.
