Staff Pick:
 "Thirsty Cub"

BY IAN HENDERSON

I love this photo for its humor and its perfect portrayal of Portland at its best. We do drink up everything Oregon has to offer whenever possible, regardless of whether it is at our local watering holes or at Multnomah Falls. Portlandians enjoy living.

 advertising representative

Staff Pick: "Faerie Sunset" BY ATOM ION

This photo stirs up memories of one of my favorite films, *Were The World Mine*. This modern musical take on Shakespeare's *A Midsummer Night's Dream* is filled with beautiful voices and amazing imagery. One of my favorite lines from the film fits this photo perfectly: "We fairies / that do run / from the presence of the sun / we follow darkness like a dream." Perhaps he isn't a fairy at all, but Puck, offering the sun a piece of his moon?

—Larry Lewis, advertising director
