Josh Kilmer-Purcell and his partner Brent Ridge, the men behind *The Bucolic Plague*

LeAnn Locher, THE SASSY GARDENER
THE BUCOLIC PLAGUE: HOW TWO MANHATTANITES BECAME GENTLEMEN FARMERS: AN UNCONVENTIONAL MEMOIR
Josh Kilmer-Purcell, Harper, \$24.99

Have you ever thought of up and quitting your job and running away to the country? Set up a farm, grow your own food, tend to a little herd of goats and make soap? I know I have, and my partner and I used to talk about it, asking questions like, "Could we physically do it?" and "What would it be like to be gay and live in a rural area?"

Wonder no more and settle in for a fantastically gay quick read about the dynamic New York City couple Josh and Brent, and their move to an upstate existence. Take in the enormity of their life change with their purchase of an 1802 farmhouse called Beekman Estate—yes, with goats. Throw in the fabulousness that one of them comes from Martha Stewart Living Omnimedia and the other from an advertising agency background, and you have the makings of "The Fabulous Beekman Boys," complete with a reality show on Discovery's Planet Green.

But *The Bucolic Plague* is the pre-story to

their Beekman empire of soaps, kitchen goods, cookbook and TV show. It gives an inside look at creating and living a rural, albeit wonderfully gay, farm life. Reading this during a recent cross-country trip made it the shortest flight ever and I couldn't put it down, even with children kicking the seat behind me.

Homesteading + gay + mindful + relationship realities = Lovely.

Bennie Tan, PANDA SAY WHAT?!
JANE BITES BACK
Michael Thomas Ford, Ballantine Books, \$14

Autumn is not my favorite time of year so when I curl up with a book, more likely than not it's a comedy. I recently finished a fun little read called *Jane Bites Back* by gay writer Michael Thomas Ford, author of the multiple Lambda Literary Award-winning *Trials of My Queer Life* series.

In the book, Ford creates a world where Jane Austen didn't die but was instead "turned" into a vampire by another famous author. I will not divulge his identity and ruin the plot, I'll simply give you a hint: He was supposedly bisexual and known for his romantic poetry to women but is often described as misogynistic, and extremely disparaging of female writers.
