"Prink" Callison Leaves

Coach "Prink" Callison has accepted a position as head coach of the Freshmen at the University of Oregon.

Callison goes with an enviable record that any athletic coach could be proud of. During his stay at Medford he has been beaten only once in football and that by Salem. In basketball he has produced two state champs in seven years and participates in the tournament each year. Baseball was not such a successful sport but he has produced good teams. Ashland High has beaten him in baseball several seasons but as a whole he was very successful. He, as a coach, insisted on strict training. Much of his success was due to his method of training and the stamina during the closing part of the play.

We wish him much success in his new position, with the hope that he will maintain the enviable record which he has established at Medford.

Buy Your Rogue

Have you deposited your fifty cents on your "Rogue"? If you haven't be sure and get it in before Friday.

The annual is going to be different this year and you will get a lot of enjoyment out of it. Think of your future life! When you are old and bald-headed you can draw it out and say, "See how good looking I used to be!" Then when you are a weakling you can turn to your football picture and show it around.

The annual is a record of school events. Your school life is not complete without one, and it is necessary to pay fifty cents now and the rest of your two dollars when you get it.
