cupled the seats of the judges while Chief Justice Cash told them how trials were carried on. Willamette University was looked over and then, after a swim in the Y. M. C. A. tank, they went on to Portland.

While in Portland the club stayed at the "Y" building, where they received rooms free of charge. Saturday morning they went through Swift's Packing House and expressed great wonder at the various ways they have of getting the meat ready for shipping. In the afternoon most of the fellows went through the battleship "Oregon" and then through the Oregonian building. It was the busiest time of the day so they saw all of the machinery in motion. In the evening they went to the Y. M. C. A. boxing and wrestling tournament for the "Y" championship of the Northwest. Sunday was the last day and they started home. They stopped in Salem and went to the Presbyterian church. They arrived home about midnight, a little tired, but nothing seriously wrong.

It is the plan of the club to sponsor a trip like this every year, because it gives a fellow some idea of the different colleges and where he wants to go. He also gets an insight into some of the different trades and industries.

**CONTESTANTS GIVE ACCOUNT OF TRIP**
