

## GRIZZLIES BEGIN SEASON WITH BANG

**TWENTY-THREE VOLUNTEERS TURN OUT FOR FIRST FALL PRACTICE.**

### MATERIAL PROMISING

Seven Lettermen and Others of One year's Training Compose Team.

#### Next Four Games

Oct. 9—Klamath Falls—There  
Oct. 17—Cracent City—There  
Oct. 24—Grants Pass—There

The Grizzlies opened the football season with their first practice September 9. Twenty-three boys responded to Coach Bliss's call for volunteers to don the moleskins, seven of those being last year's lettermen, and a few of the others have had a year's experience.

The boys have been working hard and give considerable promise. The men are all small, with the exception of Howell, whose six-foot-four stands over the others like a giant among a group of pigmies. But what they lack in size most of them make up in speed and fight; and it's fight that wins ball-games: fight, speed, and brains. Most of the boys, however, lack experience in actual games. This is what has our Grizzly Tamer, Coach Bliss, worried. He has used Northern California to gain this experience and the boys are showing up well on the field of battle.

The backfield is fairly well

## SCHOOL SONGSTERS BEGIN PRACTICE

Approximately thirty-five students have tried out for the boys' and girls' glee clubs in the last two weeks. Although Miss Kilgore has not yet chosen the final members for the two clubs, practice has been started on the work for the coming year.

In addition to the two glee clubs, Miss Kilgore expects to have a mixed chorus and perhaps a sextet or octet. Plans for the numbers to be used this year and the public appearances to be made are not yet complete.

Miss Kilgore urges all students interested in the glee clubs to see her at once.

"I would like to have a large enough group of students try-out in order that I might choose from it twenty-five voices for the girls' club and sixteen for the boys," she states.

## Beverly Young Daring Heroine

Jimmy Hall To Fall For Pretty French Polly With Dark Past.

Beverly Young and James Hall have been chosen for the leading parts in the Anniversary play, "Polly With a Past," which Miss Hedges plans to produce in November.

Beverly Young plays the part of Polly, with a French accent and is the lure or bait offered to James Hall, as Rex Van Zile, to help him make up "her" mind. LaVerne Ramsay plays Myrtle, the strong-minded young lady with the errant fancies—the third angle, angel—almost.

Supporting the leads are Harold Gillmore and Wendell Ritzinger as Harry Richardson and Clay Collins respectively.

## JUNE GRADUATES VENTURE FORTH

The June Graduates are scattering far and wide. Most of them are planning to enter the realms of higher education. Those planning to attend the Normal School are Hazel Duncan, Ruth Newbery, Ruth Parsons, Eunice Wauchop, Viola Mayberry, Jeanette Stearns, Frances Schilling, Luella Reeder, James Miller, Marion Hitchcock, Maxine Gearhart, June Atkins, Paul Aikens, Florence Bellinger, Ruth Billings, and Edna Danford.

Howard and Mary Wiley will attend college at Nampa, Idaho. Those planning to attend Willamette are Nell Perrine and Harold Allison. LeRoy Riley and

## LIBRARY SCENE IS SEEN

No longer can pensive students recline in the big library windows and listen to the birds and bees or watch the classes in the opposite room. Gone are the days of sitting eight on a side of a small table, so that writing was a sort of choice motion. The old library that students of Ashland High have known and loved for years has gone the length of most all libraries that have done their duty. It has been out-grown.

We have a new library. The windows are much too high to be used as seats, but aren't needed for that purpose. There is plenty of space for sufficient tables and chairs for a large number of students. The librarian does not have to act as a traffic cop to regulate the traffic between the

## Replacements Are Noted In Faculty

Four New Instructors Come To Take their Places on the A. H. S. Faculty.

Ashland High lost four members of its faculty last year. Replacing these are four capable people. They are Mr. Phillips, Miss Beck, Miss Magoon and Miss Kilgore.

Mr. Phillips, replacing Mr. Gatchell, is a native of Colorado. He received his A. B. degree from the Colorado Teachers' College at Greeley, Colorado. He later completed the course of study in Oregon State's Department of

## NEW ACTIVITIES PLANNED BY G.A.A.

The G. A. A. met Friday September 18 in the lecture hall. The discussion of the meeting led to the nominations of a Secretary and Treasurer for the coming year. The nominations were president Norma Gordon, Marie Rigdon, and Mary Poloy; Secretary and Treasurer, Iris Atterbury, and Nella Putman.

Other features of the coming year, which were discussed were the games, soccer, basket ball, and volley ball. The soccer games have already started with three practices every week. In order to participate in these sports, girls must take a physical examination.

A hike was called for Saturday and non-members were welcomed to join the adventure.

Girls wishing to earn their points, may go on the hikes. To be an O. and N. girl, one must have 500 points. She must also be a member of the G. A. A.

## NEW BOYS' COUNCIL IS SERVICE GROUP

PLAN DISTRIBUTION OF PEARS WHICH AWAIT CANNING BY SAMARITANS.

### LAW AND ORDER AIM

Max Thompson Hopes To Further the Organization of Ashland High School Students

Thirty high school boys under the direction of Matt Thompson, have formed a Boys' Council. Clyde Dunham is president of the group and Le Roy Lindner secretary.

Matt Thompson, in a recent interview, said, "We are doing our best to get the youth of Ashland organized, feeling that a systematic campaign to enlist the help of the young people will further greatly our Y. M. C. A. activities. The boys have done nicely in soliciting and preparing food for distribution. Here in the building, we have sixty boxes of pears which we plan to can and distribute this winter. I am not supervising this campaign. It is the work of the boys themselves, and we expect to accomplish a lot."

This group will act as a Junior service organization to promote clean, healthful sport, to act as a law and order observing body, and to promote relief among Ashland's needy this winter.

New members will be welcomed to this society which makes the Y. M. C. A. building its headquarters.

The two meetings so far have served to start a thorough program for the coming year.

## IMPROVEMENTS GREET STUDENTS

A new library nearly three times as large as the old one, a typing room, a physics, and a biology room are the major improvements of the building.

The upper part of the building has not been so obviously changed. The old library was transformed into a book maze. In Room 6 a new staircase was inserted, which leads to the new rooms.

The biology room has now the added comfort of seats placed in the same manner as the seats in the Chemistry room, the only objectionable feature being the necessity of typing pupils walking through there on the way to the typing room. The new library has sufficient seating capacity for those who go there to study.

The girls' and the boys' rooms are also down stairs.
