## Lincoln

A Man of the People

By JOHN HARR

In a little clearing in the virgin forest of Illinois, a group of men are busy raising the timbers for the house of a settler who has but lately arrived.

Presently a group of young boisterous fellows ride up and, gathering in a ring, take a swig around on a bottle. Then one of the largest of them, apparently a leader steps out and challenges any of them to a "raasle". A tall, gawky, dark-complexioned young fellow climbs down and takes up the challenge. The action lasts for only a few minutes when suddenly the challenger is thrown into the air and lights about ten feet from the other. The victor walks over and, helping up the other one, who is fully sober by now, says, "I'm

## Traveler Speaks To Girls Only

New Zealander Is Serving  
As National Campfire  
Field Secretary.

With the distinction of having been born in New Zealand, lived in Alaska, and traveled all over the United States, plus a delightful Eastern accent, Miss Edith Kempthorne, a recent visitor in Ashland, proved as interesting as her background.

Miss Kempthorne is a national field secretary for the Camp Fire organization.

While in Ashland she talked to the Sponsors, the guardians, and the girls. In the afternoon she was the speaker on the Girls' League program.

She showed with her talks a group of handcraft articles made by different girls. These were count books of tumbled leather and scarfs decorated by batik, spatterpoint, and wood-block.

She explained a bit about Indian symbolism as illustrated on her ceremonial gown. A Camp Fire girl has her gown which she makes a record of her achievements and progress by decorating it with symbols composed of characters taken from the Indian sign language. Miss Kempthorne showed how her adventures in New Zealand, Alaska, and Europe were symbolized on her gown, which is worn to Council Fires.

Chance To Keep Conference  
Title Third Year.

By WALLACE STEARNS

With the remaining conference games needed to win the cup the Lithians are out to win in the tussles with Klamath Falls Friday an Saturday. Two weeks ago the Pelicans journeyed to Ashland and returned home victorious. The Lithians are crying for revenge and mean to have it.

With the giant Howell formidable, the hopes of Ashland fans have risen. His absence was felt in the Roseburg game last week, with disastrous results.

Mahbot, always a fairly steady player, is building up an almost impenetrable defense. He gives his team mates a confidence that is necessary to any ball team.
