MOWED DOWN BY TIME'S SCYTHE?

Do you sometimes feel that some people are getting more than their share of the honors? In the first place, the honor means good, hard work, and in the second place it means that some people have more time than others. Those who do the most have the most time, and those who have the most time haven't any, if you can understand it. It is very hard to understand, but it seems as though with all the activities Ashland High has—dramatics, athletes, commercial, public speaking, journalism, clubs, music, and so on and on, there would be enough for every student to take part in several. The sad part of it is, those who do nothing, or only a little, haven't time to do anything, so those who really haven't the time, do it.

WHO'S WHOCEY IN ASHLAND

Now is the time of year when the august seniors begin to talk of beginning and of leaving this school forever. Then the insidious thought comes to the front as to the desirability of so-and-so for president of the student body. Here are a few suspects:
 There's John Denton, but really, girls—

Olan Sneed—ah, straight as a young pine tree, wouldn't he be just too sweet with his flashing smile up in front of the assembly? Of course, the rest of him would be with his eyes.

Then the sec'y, Beverly Young would be good. She was practically born with a pencil behind her ear and her mouth open for speech.

Dr. Betty Dean's soft voice would lull you to sleep in no time, and especially when she was reading the constitution.

But wait a minute; this year's sec'y is a brunette so we ought to have a change in scenery.

How about Dorothy Leslie?

Lloyd Arant as vice president would make a good yes-yes man.

By and all, we certainly have a cream of a crop to pick from. We want the finest blood, but there's not enough in a carload. They'll probably all be roasted but that takes the terrors out, so they'd be kind to your vote. They'd be milder. This is not a paid for ad.

On good authority we hear there is to be a proposed amendment to the A. S. B. constitution at the next meeting providing for student body nominations by petition. Besides the petitions requiring a certain number of names of student body members before it would be acceptable as

a nomination, it would be required to have a complete list of the nominee's qualifications for that office. Not bad, eh? Sounds quite collegiate.

Have you seen the Leach on the debate cup in the trophy case?

Dave Owens may some day be a detective, but we doubt it, from the difficulty he has been in solving his chemistry unknowns.

W. C. T. U. SPEAKER PLEASES STUDENTS

Disregarding her topic with humor, Mrs. Lora S. LaMance of the W. C. T. U., gave the assembly 20 minutes of enjoyment and also impressed upon the minds of the students the evils of tobacco and strong drinks.

Mrs. LaMance began by narrating some of the Paul Bunyan-like qualities of our ancestors and showed how, with each generation, the American people have declined in bodily strength but have built up their brains. She then went on to show that these weaklings who are seen everywhere today cannot stand the ravages that are done by beer and cigarettes, upon the fiber of the brain.

MY CAR

It never gives me bother up sleep grades.
 It never gets overheated.
 It has never got me into a collision or an accident of any kind.
 I wish to goodness I could start it.

NOMINEES ARE CHOSEN FOR CUP

(Continued from Page 1)

vice to the school and to their fellow students. They must have good Christian standards and be somewhat of a leader. During their senior year they must have gone out for some sports.

Napoleon Ekeridge has been in the limelight for some time, having taken a spectacular part in football for the last two years. He was president of the junior class last year, and is now president of the senior class and Science club, in addition to being first vice-president of the student body.

Benjamin Goldy has gone out for football and has taken an active part in tennis.

Mary Herbert is president of the Girls' League, and is prominent in Camp Fire work.

Mary Louise Sanders is secretary of the student body and of the senior class. She plays in the orchestra and is in the senior play.

Dorothy Bergstrom is president of all the Ashland Camp Fire groups, and is on the executive board of the C. A. A. Last year she was treasurer of the Girls' League.

Irene Lampert, Eleanor Coombe, Leona Spayde, Max Gulley, Culver Anderson, and Harry Smith are those who have had their names placed on the cup in the three years since the cup was presented to the student body by Mr. Walters, former secretary of the Y. M. C. A.

ASHLAND GIRLS VISIT M. S. H.

Girls' League week, April 4-8, was celebrated by Medford girls, by having different parties and programs. The girls of Ashland were invited to attend any of these functions which they chose, and Friday was selected as the day on which they would go to Medford.

The program Friday consisted of a style show, a tea, a program and a so-called April frolic that evening, but it was also the evening of the Prom so Ashland girls were unable to be present. When the girls arrived, the dean, Miss Carroll, showed them around the building, and when they had finished seeing the new Medford high school, it was time for the program to begin.

Those who went were Lela Wiley, Marjorie Mills, Sylvia Martin, Dorothy Bergstrom and Mary Herbert.

Yes, Spring fever is catching, and it is like all other contagious diseases—the catcher pays the penalty. The penalty, as a rule, is grog—such as, low grades, not being able to graduate, and the destruction of will power. Wouldn't it be better to eliminate the penalty by overcoming the fever?
