

Billie Jean Beagle, John Bjork and Carolyn Crowley

JOHN BJORK
This tall red headed senior boy came into the bright shiny world on Feb. 27, 1937, in Virginia, Minn.
John's favorite pastime is Saturday night and his car. He likes the color blue and chicken. James Dean and Donna Reed are his favorite cinema stars.
His pet peeve is gossip and he describes his ideal girl as 5' 4", brown eyes, brown hair, a good personality, and likes a good time.
After graduating John plans to go back to Minnesota and join the navy.

BILLIE JEAN BEAGLE
Volkswagen Beagle was born on May 21, 1938, in Ashland, Oregon. She is better known to her friends as "B. J." or "Be."
This happy senior girl really turns ape when pheasant's on the dinner table, the color is lavender and the tune "Lisbon Antiqua."
When it comes to movieland stars, she thinks Kim Novak and Monty Cliff are the mostest of the most.
B. J. loves all males but her favorite is a six foot, brown haired, blue-eyed male that drives a leopard-spotted '49 Merc.
Her pet peeve is conceited people and her favorite pastime is dancing.
Billie plans on trying a stab at that hard old college life at SOC after graduating.

CAROLYN CROWLEY
This pretty blue-eyed blond senior girl was born in Prosser, Wash., on March 2. Her name is Carolyn Crowley and she moved to Ashland 11 years ago at the age of seven.
Carolyn's favorite foods are ravioli and spaghetti. She enjoys going to movies that star Richard Burton or Grace Kelly.
As yet there is no such thing as an ideal man, but who knows what the future holds.
Her favorite pastimes are sketching, painting, and writing.
After graduation Carolyn plans to go to college.

College Men Speak to Seniors

Continued from Page 1
Education at Ashland, and Portland Nursing School at Portland. After the talk given by Mr. Nickerson, the class divided into groups of their choice headed by the various representatives. All of the groups met in the study hall with the exception of the Nursing School group which met in the cafeteria, where the engaged in discussion and were shown slides.
Middle age is the time when you can't remember. And 17 is the wonderful age when you weren't listening in the first place.

March Birthdays

It seems that March came in like a lion leaving these students behind to blunder their way through this wide world. If that was the case, no wonder it went out like a lamb.
