

## SENIORS

Those who aren't graduating--do you recognize them? These are a few of the familiar faces that the seniors will miss as they leave Ashland High School this year.

The final presentation of the year was the Spring Play, under the direction of Mrs. Lucy Sunoo. This year's production was "Stardust", a comedy in three acts by drama critic Walter Kerr.

On March 30 and 31, the students of Ashland High initiated a new project--raising money for a new football scoreboard. In order to raise \$1,000, they presented a Mintrel Show, under the direction of Mr. Bernard Windt. A scene from the show is pictured above, with Mr. Interlocuter, Rick Callahan, talking to the "black-faces".
