On the same program a variety of events has been promised by Ronnie Nosler, promoter.

Nosler announced earlier and VIOLA HARTWELL will be the referee for all the events.

This could lead to confusion because the two world famous fighters, LeRoy Burger and Ray Skibby will be scheduled for a preliminary fight.

Pending further investigation of the Florida swamps, there may be an event scheduled which should be of interest to those who love both fighting and blood.

MELVIN PETERS will, if no adverse conditions can be found, (and he, himself located), be paired with a real live alligator with no time limit.

Nurses will be provided at all exits, however the aged and weak hearts are advised against attending.

Entertainment between the bouts will be furnished through the resources of MADAME J. TWEDELL'S dancing school (The J stands for Judy).

Admission charge is small, and according to the Editor of the Los Angeles Daily News, JOE STODDARD, it will be an experience well worth the time spent.
